Acme Corporation

RE: Career Change Interior Designer

Dear Hiring Manager,

I am thrilled to apply for the Career Change Interior Designer position at Acme Corporation, which I discovered on your company's careers page. With a strong passion for design and a unique background in project management, I am excited about the opportunity to contribute to your team and create inspiring and functional spaces for clients.

In my previous role as a project manager in the construction industry, I successfully led a team in designing and implementing a large-scale commercial renovation that increased customer engagement by 30%. My ability to collaborate with architects and contractors allowed us to not only meet but exceed client expectations, leading to a 25% increase in repeat business. Additionally, I took the initiative to educate myself in design principles, attending workshops and obtaining certifications in interior design software such as AutoCAD and SketchUp. This self-directed learning has equipped me with the skills to visualize and create impactful designs that harmonize with client visions and practical execution.

I am particularly drawn to Acme Corporation's commitment to innovative and sustainable design practices, which align with my own values. I am eager to bring my project management experience and design skills to your team, contributing to projects that reflect creativity and functionality. I would love the opportunity to discuss how my background can add value to your projects and help clients transform their spaces. Thank you for considering my application; I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Jordan Alex Thompson
