Acme Corporation

RE: Entry Level Animator

Dear Hiring Manager,

I am excited to apply for the Entry Level Animator position at Acme Corporation as advertised on your careers page. With my passion for animation and my strong foundation in storytelling through visuals, I am eager to contribute my skills to your dynamic team. Acme Corporation's commitment to innovation in animation resonates with my own aspirations, and I believe my background aligns well with your needs.

During my time at University, I completed an internship with Creative Animations Studio, where I collaborated on a short animated film that won the 'Best Student Project' award at the National Animation Festival. My role involved designing characters and creating fluid animations using Adobe After Effects and Maya. This experience not only honed my technical skills but also taught me how to work effectively within a team to bring a creative vision to life. Additionally, I led a project during my final year that centered around an interactive animated infographic, which received commendations for its engaging design and clarity in conveying complex information.

I am particularly drawn to Acme Corporation's innovative projects and the emphasis on storytelling through animation. I am eager to bring my creativity and strong work ethic to your team, and I am excited about the possibility of contributing to projects that captivate and inspire audiences. I would love the opportunity to discuss how my background, skills, and enthusiasms align with the goals of Acme Corporation. Thank you for considering my application. I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Jordan Lee Thompson
