Acme Corporation

RE: Entry Level Intellectual Property Attorney

Dear Hiring Manager,

I am writing to express my enthusiasm for the Entry Level Intellectual Property Attorney position at Acme Corporation, as advertised on LinkedIn. With a strong background in intellectual property law and a passion for innovation, I am excited about the opportunity to contribute to your team and support your clients in protecting their valuable assets.

During my time at law school, I interned at a prestigious law firm where I assisted in drafting patent applications and conducting prior art searches. This experience not only honed my research skills but also allowed me to understand the intricacies of patent law and its application in real-world scenarios. Additionally, I participated in a moot court competition focused on IP law, where my team won first place, showcasing my ability to think critically and argue effectively on complex legal issues.

Furthermore, I completed a summer internship at a technology startup, where I collaborated with the legal team to develop trademark strategies and navigate compliance issues. This role gave me firsthand experience in balancing legal considerations with business objectives, reinforcing my belief in the importance of proactive legal support for innovation-driven companies. I am eager to bring my background in both law and technology to Acme Corporation, where I can leverage my skills to help clients protect their intellectual property.

I am excited about the possibility of discussing how my background, skills, and enthusiasms align with the goals of Acme Corporation. Thank you for considering my application. I look forward to the opportunity to speak with you further about how I can contribute to your team.

Sincerely,

Jordan R. Taylor
