Acme Corporation

RE: Entry Level Physical Therapist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Entry Level Physical Therapist position at Acme Corporation, as advertised on your careers page. As a recent graduate of the University of Health Sciences with a Doctor of Physical Therapy degree, I am eager to apply my knowledge and skills in a reputable setting like yours, where I can contribute to enhancing patient care and rehabilitation outcomes.

During my clinical rotations, I had the opportunity to work in diverse environments, including outpatient rehabilitation and inpatient acute care settings. One of my most rewarding experiences was developing a customized rehabilitation program for a post-operative knee surgery patient. Through a combination of manual therapy techniques and therapeutic exercises, I was able to help the patient regain full mobility and significantly reduce their pain within six weeks. Additionally, I was involved in a community outreach program where we educated participants on injury prevention and the importance of physical therapy, which helped increase awareness and referrals for our services. These experiences have equipped me with strong clinical skills and the ability to work effectively with patients from various backgrounds.

I am particularly drawn to Acme Corporation because of your commitment to patient-centered care and your innovative approach to rehabilitation. I am excited about the possibility of joining your team and contributing to your mission of improving the quality of life for individuals through tailored physical therapy interventions. I would welcome the opportunity to discuss my qualifications further and explore how I can be a valuable asset to your team. Thank you for considering my application.

Sincerely,

Jordan Smith
