Acme Corporation

RE: Entry Level Pipefitter

Dear Hiring Manager,

I am writing to express my enthusiasm for the Entry Level Pipefitter position at Acme Corporation, as advertised on your careers page. With a strong foundation in plumbing and pipefitting obtained through my technical training and hands-on experience, I am excited about the opportunity to contribute to your team and to help maintain the high standards of work that Acme Corporation is known for.

During my time at the Community College of Technical Studies, I completed a rigorous pipefitting program where I excelled in both classroom learning and practical applications. I successfully led a team project where we designed and installed a piping system for a model industrial facility, which not only met all specifications but also improved efficiency by 15% over previous designs. Additionally, I completed an internship at Local Plumbing Solutions, where I gained valuable experience in assisting with the installation of various piping systems in both residential and commercial settings, ensuring compliance with safety regulations and industry standards.

I am particularly impressed by Acme Corporation's commitment to innovation and quality, and I am eager to bring my skills in blueprint reading and problem-solving to your esteemed company. I am confident that my technical abilities and strong work ethic will make me a valuable asset to your team. I look forward to the possibility of discussing how my background, skills, and enthusiasms align with the needs of Acme Corporation.

Thank you for considering my application. I hope to discuss my application further and explore how I can contribute to your team as an Entry Level Pipefitter. I look forward to the opportunity to speak with you soon.

Sincerely,

Jordan Smith
