Acme Corporation

RE: Entry Level Underwriter

Dear Hiring Manager,

I am writing to express my enthusiasm for the Entry Level Underwriter position at Acme Corporation, which I discovered on your careers page. With a strong foundation in finance and a keen interest in risk assessment, I am excited about the opportunity to contribute to your team and help drive the success of your underwriting operations.

During my academic career at State University, I excelled in courses such as Risk Management and Financial Analysis, where I achieved a top 10% ranking in my class. As part of a capstone project, I developed a comprehensive analysis of insurance policy risks for a local business, which included creating a detailed underwriting model that projected risk exposure based on historical data. This experience not only honed my analytical skills but also deepened my understanding of the critical factors influencing underwriting decisions.

In addition to my academic achievements, I completed an internship at XYZ Insurance, where I collaborated with senior underwriters to assess applications and evaluate risk factors. I successfully streamlined the data collection process, which improved efficiency by 20%. Furthermore, I was responsible for drafting risk assessment reports that informed decision-making and helped reduce policy approval times. These experiences have equipped me with the skills necessary to assess risk accurately and make informed underwriting decisions in a fast-paced environment.

I am eager to bring my strong analytical skills and dedication to detail to Acme Corporation as an Entry Level Underwriter. I look forward to the opportunity to discuss how my background and enthusiasm align with the goals of your underwriting team. Thank you for considering my application.

Sincerely,

Jordan Taylor
