Acme Corporation

RE: Freelance To Full Time Go Developer

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Go Developer position at Acme Corporation, which I discovered on LinkedIn. With a strong passion for Go programming and a proven track record in developing scalable applications, I believe my skills make me a perfect fit for your team. I have followed Acme Corporation's innovations in software development and am eager to contribute to your projects and goals.

In my recent freelance role, I successfully designed and implemented a microservices architecture for a client's e-commerce platform using Go, which improved the system's response time by over 30%. This project not only showcased my technical abilities but also my capacity to collaborate effectively with cross-functional teams to deliver high-quality results under tight deadlines. Furthermore, I developed a custom library in Go that automated several backend processes, leading to a significant reduction in manual intervention and increasing overall productivity by 25%. My commitment to writing clean, maintainable code and my experience with CI/CD pipelines have consistently resulted in robust applications that meet client needs and expectations.

I am truly excited about the possibility of transitioning from freelance work to a full-time role at Acme Corporation. I appreciate the opportunity to leverage my expertise in Go to contribute to your team and am eager to discuss how I can help advance your projects. Thank you for considering my application; I look forward to the possibility of discussing my application further.

Sincerely,

Jordan Lee
