Acme Corporation

RE: Freelance To Full Time Interaction Designer

Dear Hiring Manager,

I am excited to apply for the Freelance to Full Time Interaction Designer position at Acme Corporation, which I discovered on LinkedIn. With a solid background in user-centered design and a passion for creating intuitive digital experiences, I am eager to contribute to your team and help elevate your products through innovative design methods.

During my three years as a freelance interaction designer, I successfully collaborated with various clients across tech and e-commerce sectors. One notable project involved redesigning a mobile application for a startup, where I implemented user feedback loops that increased user engagement by 40%. Additionally, I led a team in a project for an online retailer, creating a streamlined checkout process that reduced cart abandonment rates by 25%. These experiences have honed my skills in understanding user needs and translating them into functional design solutions that drive business results.

I am particularly drawn to Acme Corporation's commitment to pushing the boundaries of design and technology. I would love the opportunity to bring my creative problem-solving skills and user-focused mindset to your team. I believe my freelance background equips me with unique insights into diverse user perspectives, which will align well with your innovative approach to interaction design.

Thank you for considering my application. I am eager to discuss how my experience and vision can contribute to the exciting projects at Acme Corporation. Looking forward to the possibility of collaborating with your talented team.

Sincerely,

Jordan A. Thompson
