Acme Corporation

RE: Freelance To Full Time Landscape Architect

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Landscape Architect position at Acme Corporation, which I discovered on your careers page. With a strong background in creating innovative and sustainable landscapes, I am drawn to your commitment to enhancing outdoor spaces and would love the opportunity to contribute to your team.

During my freelance career, I successfully completed a variety of projects, including the redesign of a 5-acre public park that involved eco-friendly practices such as rain gardens and native plant landscaping. This project not only improved the aesthetic appeal but also increased community engagement by 30% as reflected in local resident surveys. Additionally, I collaborated with a team of architects and city planners on a mixed-use development that integrated green roofs and permeable pavement, resulting in a 25% reduction in stormwater runoff and receiving an award from the local environmental council.

I am particularly impressed with Acme Corporation's recent projects promoting biodiversity and sustainable practices. I am eager to bring my expertise in landscape architecture and passion for ecological design to your team. I believe that my commitment to innovative solutions and community-centered designs aligns perfectly with the values and goals of Acme Corporation.

I would love to discuss how my background, skills, and enthusiasm for landscape architecture can contribute to your ongoing projects. Thank you for considering my application; I look forward to the opportunity to speak with you soon.

Sincerely,

Jordan A. Thompson
