Acme Corporation

RE: Freelance To Full Time Maintenance Technician

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Maintenance Technician position at Acme Corporation, as advertised on your careers page. With over five years of experience in maintenance and repair across various industries, I am eager to bring my skills and expertise to your esteemed company.

During my time as a freelance technician, I successfully completed over 200 projects, ranging from HVAC installations to complex electrical repairs. One of my proudest achievements was a project for a local manufacturing plant where I diagnosed and repaired a malfunctioning conveyor system that had caused significant downtime. By implementing a preventive maintenance plan afterward, I was able to reduce their operational interruptions by 30%. Additionally, I spearheaded a project for a commercial client where I upgraded their lighting system, resulting in a 40% reduction in energy costs and an improved working environment.

I am drawn to Acme Corporation not only for its reputation for excellence but also for its commitment to innovation and sustainability in maintenance practices. I am confident that my hands-on experience, combined with my problem-solving abilities, will allow me to contribute to your team's success. I would welcome the opportunity to discuss my qualifications further and explore how I can add value to your maintenance operations. Thank you for considering my application.

Sincerely,

Jordan Anderson
