Acme Corporation

RE: Freelance To Full Time Occupational Therapist

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Occupational Therapist position at Acme Corporation, as advertised on your careers page. With over five years of experience in diverse therapeutic settings, I have cultivated a strong passion for helping individuals achieve their personal goals and improve their overall quality of life. The opportunity to transition into a full-time role at Acme, known for its commitment to innovative therapeutic practices, resonates deeply with my professional aspirations and values.

In my previous freelance work, I successfully developed and implemented tailored therapy programs for a variety of clients, ranging from children with developmental delays to seniors recovering from strokes. One of my key achievements was collaborating with a multidisciplinary team to create a sensory integration program that significantly improved the motor skills of a group of children. The program led to a measurable increase in their participation in daily activities, which not only enhanced their physical capabilities but also boosted their self-esteem and social interactions.

Furthermore, I established a telehealth service that enabled me to reach clients in remote areas, ensuring they received vital therapeutic support amid the challenges posed by the pandemic. This initiative not only expanded my client base by 30% but also improved accessibility for clients who previously encountered barriers to treatment. I am confident that my proactive approach and proven ability to adapt to diverse needs make me a strong candidate for this position.

I am eager to bring my skills and experience to Acme Corporation and contribute to the exceptional care you provide. I would love the opportunity to further discuss how I can be an asset to your team. Thank you for considering my application, and I look forward to the possibility of speaking with you soon.

Sincerely,

Sophia Martinez
