RE: Freelance To Full Time Optical Engineer

Dear Hiring Manager,

I am writing to express my enthusiasm for the Freelance To Full Time Optical Engineer position at Acme Corporation, which I discovered on your careers page. With over five years of experience in optical engineering, I am excited about the opportunity to contribute my expertise to such an innovative company renowned for its commitment to excellence in optical technologies.

During my freelance career, I successfully led a project for a leading telecommunications company where I designed and implemented a state-of-the-art optical fiber system that enhanced data transmission rates by 30%. This experience not only honed my technical skills in ray tracing and wave optics but also showcased my ability to collaborate effectively with cross-functional teams to deliver high-quality results under tight deadlines. Additionally, I developed a custom optical lens system for a medical device startup that improved imaging accuracy by 25%, demonstrating my capability to tailor optical solutions to meet specific client needs.

I am particularly drawn to the potential for long-term impact at Acme Corporation, where I can leverage my freelance experience to drive innovation and exceed project goals. I am eager to bring my problem-solving skills and passion for optical engineering to your team. I look forward to the possibility of discussing how my background, skills, and enthusiasms align with the needs of your organization. Thank you for considering my application.

Sincerely,

Jordan A. Taylor
