Acme Corporation

RE: Freelance To Full Time Patent Attorney

Dear Hiring Manager,

I am writing to express my enthusiasm for the Freelance To Full Time Patent Attorney position listed on LinkedIn. With a deep passion for intellectual property law and a proven track record of successfully securing patents, I am excited about the opportunity to contribute to Acme Corporation's innovative projects and uphold its commitment to protecting groundbreaking inventions.

In my freelance practice, I have successfully guided numerous startups and established companies through the patent application process, resulting in the successful registration of over 70 patents in diverse fields, including biotechnology and software. One notable achievement was helping a biotech startup secure a patent for a groundbreaking therapeutic compound, which not only enhanced their market position but also attracted a significant investment to further their research and development efforts. Additionally, I played a key role in conducting prior art searches and developing robust patent strategies for a leading tech firm, significantly reducing their litigation risks and ensuring a stronger competitive edge in the market.

I am particularly drawn to Acme Corporation due to its reputation for fostering innovation and supporting inventors. I believe my extensive experience in patent law, coupled with my ability to communicate complex legal concepts in a relatable manner, will enable me to effectively support your team's objectives. I am eager to bring my expertise in navigating the intricacies of patent law to a full-time role with Acme Corporation, where I can contribute to your continued success while furthering my professional development.

I would welcome the opportunity to discuss how my background and skills align with the needs of your team. Thank you for considering my application. I look forward to the possibility of contributing to Acme Corporation's future successes.

Sincerely,

Jordan A. Mitchell
