Acme Corporation

RE: Freelance To Full Time React Native Developer

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time React Native Developer position at Acme Corporation, as advertised on LinkedIn. With a strong background in mobile application development and a passion for creating seamless user experiences, I am eager to contribute my skills to your innovative team. Having successfully worked on numerous projects as a freelancer, I am now looking forward to the opportunity to transition into a full-time role with a forward-thinking company like yours.

During my freelance career, I successfully developed a React Native application for a startup that streamlined their booking system, resulting in a 30% increase in user engagement and a 25% boost in bookings within the first two months. This project not only honed my technical skills but also improved my ability to collaborate with cross-functional teams and understand client needs. Additionally, I played a key role in optimizing an existing React Native app for a retail company, where I implemented performance enhancements that reduced load times by 40%, significantly improving customer satisfaction and retention.

I am particularly drawn to Acme Corporation because of your commitment to innovation and quality. I believe my strong technical skills combined with my hands-on experience in project delivery make me a valuable addition to your team. I am enthusiastic about the chance to contribute to exciting projects and grow alongside your organization.

I would love the opportunity to discuss how my background, skills, and enthusiasms align with the needs of your team. Thank you for considering my application. I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Jordan Smith
