RE: Freelance To Full Time Rigger

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Rigger position at Acme Corporation, which I discovered through your recent job posting on LinkedIn. With a strong background in rigging for film and live events, I am eager to bring my skills and experience to your team, contributing to the innovative projects at Acme Corporation.

During my freelance career, I have successfully executed a variety of complex rigging solutions, most notably for a high-profile concert tour that required precise timing and coordination. I was responsible for the development and installation of a custom rigging system that supported intricate lighting and sound equipment, which not only enhanced the production quality but also received acclaim from both the audience and production team. Additionally, I led the rigging efforts for a national commercial shoot, where I collaborated closely with directors and cinematographers to ensure that our rigging solutions seamlessly integrated with the creative vision, resulting in a significant boost in production efficiency.

I am particularly drawn to this role at Acme Corporation because of your commitment to pushing the boundaries of what is possible in the industry. I am eager to bring my technical expertise and collaborative spirit to your team, and I am confident that my hands-on experience and problem-solving skills will greatly benefit your projects. I would welcome the opportunity to further discuss how my background aligns with the goals of Acme Corporation and how I can contribute to your team's success. Thank you for considering my application.

Sincerely,

Jordan Mitchell
