Acme Corporation

RE: Freelance To Full Time School Psychologist

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time School Psychologist position at Acme Corporation, which I discovered on your careers page. With a strong background in educational psychology and over five years of freelance experience working with diverse student populations, I am eager to bring my skills to your dedicated team and contribute to the mental well-being and academic success of students at your institution.

During my freelance career, I successfully assessed and implemented individualized education plans (IEPs) for students with varying needs, including those with learning disabilities and emotional disturbances. For instance, I collaborated with teachers and parents to develop a targeted intervention plan for a student struggling with anxiety, which resulted in a 30% improvement in their academic performance and a notable increase in their classroom participation. Additionally, I developed and facilitated workshops for both educators and parents on recognizing and addressing mental health challenges, equipping them with tools to create a supportive environment for students.

I am particularly drawn to the opportunity at Acme Corporation because of your commitment to fostering a holistic approach to education where mental health is prioritized. I am eager to leverage my freelance experience to drive positive change within your school community and help create an inclusive environment where all students can thrive. I would appreciate the opportunity to discuss how my background, skills, and enthusiasms align with the goals of your team. Thank you for considering my application; I look forward to the possibility of contributing to Acme Corporation as a full-time School Psychologist.

Sincerely,

Jordan Taylor
