RE: Freelance To Full Time Servicenow Developer

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Servicenow Developer position at Acme Corporation, as advertised on LinkedIn. With over five years of experience in ServiceNow development and a proven track record of delivering high-quality solutions, I am eager to bring my skills to your innovative team and contribute to your ongoing success.

In my recent role as a freelance ServiceNow developer, I successfully implemented a custom IT Service Management solution for a mid-sized tech company, which resulted in a 40% reduction in incident resolution time. By leveraging advanced scripting techniques and ServiceNow best practices, I was able to streamline their workflow processes and enhance user satisfaction. Additionally, I led a project to integrate ServiceNow with third-party applications, which improved data accuracy and accessibility, ultimately driving operational efficiency.

I am particularly drawn to Acme Corporation's commitment to leveraging technology for business transformation, and I am eager to contribute my expertise in ServiceNow to further enhance your service offerings. I would love the opportunity to discuss how my background, skills, and accomplishments align with the goals of your team. Thank you for considering my application, and I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Jordan Thompson
