Acme Corporation

RE: Freelance To Full Time Speech Pathologist

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Speech Pathologist position at Acme Corporation, which I discovered through the American Speech-Language-Hearing Association job board. With a robust background in speech therapy and a passion for helping individuals overcome communication challenges, I am eager to bring my expertise to your team as you expand your services to offer more comprehensive speech therapy solutions.

In my recent freelance work, I successfully supported a diverse clientele, including children with speech delays and adults recovering from strokes. One of my notable achievements was developing a personalized speech improvement program for a 10-year-old client. This program incorporated engaging activities tailored to his interests, which resulted in a 50% increase in his speech clarity within three months. Furthermore, I collaborated with local schools to implement speech evaluations and therapy sessions, enhancing early intervention strategies for numerous students, which also bolstered my ability to communicate effectively with educators and parents.

I am particularly drawn to Acme Corporation due to its commitment to innovative therapy techniques and multidisciplinary collaboration. I believe that my freelance experience, combined with my strong communication skills and dedication to patient progress, aligns well with your mission. I would welcome the opportunity to discuss how my background and vision can contribute to your team and further support your clients' needs. Thank you for considering my application, and I look forward to the possibility of working together.

Sincerely,

Jordan M. Thompson
