Acme Corporation

RE: Freelance To Full Time Sprinkler Fitter

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Sprinkler Fitter position at Acme Corporation, as advertised on your careers page. With over five years of experience in the fire protection industry, I have honed my skills in installation and maintenance of sprinkler systems, and I am eager to bring my expertise to your esteemed company.

During my freelance career, I successfully managed a variety of projects that required precise planning and execution. One notable project involved the complete installation of a fire suppression system for a large commercial building, where I coordinated with architects and contractors to ensure compliance with safety regulations, ultimately leading to a successful inspection and approval. Additionally, I have developed a reputation for my attention to detail, as demonstrated by my work on a residential property where I identified and rectified potential hazards in existing systems, thereby enhancing safety and improving system performance.

I am particularly impressed by Acme Corporation's commitment to innovation and safety, which aligns with my own professional values. I am eager to bring my hands-on experience and proactive approach to your team, contributing to projects that uphold your high standards. I look forward to the opportunity to discuss further how I can add value to your organization. Thank you for considering my application.

Sincerely,

Jordan Thompson
