Acme Corporation

RE: Freelance To Full Time Sustainability Manager

Dear Hiring Manager,

I am excited to apply for the Freelance To Full Time Sustainability Manager position at Acme Corporation, which I discovered on LinkedIn. With a deep passion for sustainable practices and a robust background in project management, I am eager to contribute to your team's mission of driving environmental responsibility and innovation.

In my recent freelance role with GreenTech Solutions, I successfully spearheaded a project that implemented waste reduction strategies for a mid-sized manufacturing client, resulting in a 30% decrease in waste disposal costs within the first year. This project not only improved the client's bottom line but also enhanced their corporate social responsibility profile, which I believe aligns closely with Acme Corporation's goals. Furthermore, during my tenure as a Sustainability Consultant for EcoWorld, I developed a comprehensive sustainability roadmap that helped a major retail chain achieve a 15% reduction in carbon emissions over three years, showcasing my ability to create and execute impactful sustainability initiatives.

I am particularly impressed by Acme Corporation's commitment to integrating sustainability into every aspect of its operations and would love the opportunity to discuss how my experience and insights could help further your initiatives. I look forward to the possibility of collaborating with your talented team and thank you for considering my application.

Sincerely,

Jordan Lee Thompson
