Acme Corporation

RE: Freelance To Full Time Welder

Dear Hiring Manager,

I am writing to express my enthusiasm for the Freelance To Full Time Welder position at Acme Corporation, which I discovered on your company's careers page. With over five years of hands-on experience in welding and fabrication, I am excited about the opportunity to contribute to your team and deliver high-quality work that meets your standards of excellence.

Throughout my freelance career, I have successfully completed numerous projects that required precision and attention to detail. For instance, I recently worked on a large-scale architectural steel fabrication project where I was responsible for welding complex structures that not only met but exceeded structural integrity requirements. This project involved collaborating closely with architects and engineers, ultimately resulting in a commendation from the project manager for my ability to adhere to tight deadlines while maintaining exceptional quality.

Additionally, I played a pivotal role in a custom fabrication project for a local manufacturer, where I implemented innovative welding techniques that improved efficiency by 20%. This not only reduced costs but also enhanced the durability of the products. My strong problem-solving skills and commitment to continuous improvement have been key to my success in these projects and will be invaluable in a full-time position at Acme Corporation.

I am eager to bring my skills and experience to your team and contribute to your ongoing success. I would appreciate the opportunity to discuss how my background and approach align with the goals of Acme Corporation. Thank you for considering my application; I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Jordan Mitchell
