Acme Corporation
RE: Interior Designer

Dear Hiring Manager,

I am excited to apply for the Interior Designer position at Acme Corporation, as advertised on your company's careers page. With a passion for creating functional and aesthetically pleasing spaces, I am eager to contribute my skills and experience to your dynamic team.

In my previous role at Design Innovations, I successfully led a residential project that involved a complete renovation of a 3,000-square-foot home. By collaborating closely with clients to understand their vision, I was able to enhance the space's flow and functionality while incorporating sustainable materials, resulting in a 30% reduction in energy costs for the homeowners. Additionally, I designed a commercial office space for a tech startup that fostered creativity and collaboration among employees, which was recognized with an award for Outstanding Office Design by the Local Interior Designers Association.

I am particularly drawn to Acme Corporation's commitment to innovative design solutions and your focus on environmentally-friendly practices. I am eager to bring my expertise in space planning and color theory to contribute to exciting projects that prioritize both beauty and sustainability. I would love the opportunity to discuss how my background and design philosophy align with the goals of your team. Thank you for considering my application.

Sincerely,

Maya Thompson
