Acme Corporation

RE: Internship Animator

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Animator position at Acme Corporation, which I discovered on your careers page. As a passionate animation student with a solid foundation in both 2D and 3D animation techniques, I am excited about the opportunity to contribute to your creative team and learn from experienced professionals in a leading animation company.

During my studies at the University of Arts, I completed a project where I developed a short animated film that was selected for screening at the Student Animation Festival. This project allowed me to hone my skills in character design and storytelling while utilizing software such as Adobe After Effects and Blender. Additionally, I interned at Creative Studios last summer, where I collaborated with a team to create animated content for social media campaigns, resulting in a 30% increase in engagement for our client's platforms. This experience taught me the importance of combining creative vision with strategic objectives.

I am particularly impressed by Acme Corporation's innovative approach to animation and your commitment to pushing the boundaries of storytelling. I am eager to bring my skills in animation and my collaborative spirit to your team, and I believe that my background aligns well with the expectations of this internship. I look forward to the possibility of discussing how my contributions can support the exciting projects at Acme Corporation.

Thank you for considering my application. I hope to discuss my application further and explore how I can contribute to your team as an Internship Animator.

Sincerely,

Jordan Lee Thompson
