Acme Corporation

RE: Internship Azure Architect

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Azure Architect position at Acme Corporation, which I discovered on your careers page. With a strong foundation in cloud computing and a keen interest in Azure architecture, I am excited about the opportunity to contribute to innovative projects at your esteemed organization.

During my recent internship at Tech Solutions Inc., I played a pivotal role in designing and deploying a cloud-native application using Microsoft Azure services. This project not only enhanced my technical skills but also allowed me to collaborate closely with cross-functional teams, leading to a successful deployment that improved application scalability by 30%. Additionally, I led a team in a university hackathon where we developed a serverless application utilizing Azure Functions, resulting in a first-place finish among 50 participants. This experience honed my problem-solving abilities and deepened my understanding of the Azure ecosystem.

I am particularly drawn to Acme Corporation because of your commitment to leveraging cutting-edge technologies to solve complex business challenges. I am eager to bring my background in Azure architecture and my passion for cloud innovation to your team. I would appreciate the opportunity to discuss how my skills and experiences align with the goals of Acme Corporation, and I am excited about the possibility of contributing to your projects. Thank you for considering my application.

Sincerely,

Jordan Smith
