Acme Corporation

RE: Internship Content Designer

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Content Designer position at Acme Corporation, which I discovered on your careers page. With a passion for crafting engaging user experiences and a strong foundation in content design, I am excited about the opportunity to contribute to your team and help create compelling content that resonates with your audience.

During my academic career at the University of XYZ, I successfully led a project that involved redesigning the content strategy for a student-run website. By conducting user research and usability testing, I was able to identify key areas for improvement. As a result, we increased user engagement by 40% over three months. Additionally, I interned at DEF Media, where I collaborated with cross-functional teams to develop content for various digital platforms. My contributions included writing and editing articles that adhered to SEO best practices, which led to a 25% increase in organic traffic within the first quarter of implementation.

I am particularly drawn to the Internship Content Designer role at Acme Corporation because of your commitment to innovative content solutions and user-centric design. I am eager to bring my skills in content creation, research, and collaboration to your team, and I am excited about the opportunity to learn from experienced professionals in the field. I would love to discuss how my background and passion align with the goals of Acme Corporation. Thank you for considering my application.

Sincerely,

Jordan Taylor
