Acme Corporation

RE: Internship Criminal Defense Attorney

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Internship Criminal Defense Attorney position at Acme Corporation, as advertised on your careers page. With a strong academic background in law and hands-on experience working with marginalized communities, I am eager to contribute my skills and passion for justice to your esteemed team.

During my time at Law School X, I volunteered with the Innocence Project, where I assisted in case research that ultimately led to the exoneration of an individual wrongfully convicted. This experience not only honed my research and analytical skills but also deepened my understanding of the complexities involved in criminal defense. Additionally, I completed a summer internship with Public Defender Office Y, where I gained practical experience in courtroom procedures and client interactions. I effectively drafted motions and researched legal precedents, which helped support our defense strategies in several cases.

I am particularly drawn to Acme Corporation due to your commitment to providing comprehensive legal defense and advocating for the rights of the underrepresented. I believe that my proactive approach to legal research and my dedication to social justice align with your firm's mission. I am excited about the opportunity to learn from seasoned attorneys and contribute to meaningful cases that can impact lives.

I would welcome the opportunity to discuss my application further and explore how my background, skills, and enthusiasms align with the goals of Acme Corporation. Thank you for considering my application, and I look forward to the possibility of contributing to your team.

Sincerely,

Jordan Michael Thompson
