Acme Corporation

RE: Internship Dental Hygienist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Dental Hygienist position at Acme Corporation, which I discovered through my university's career services. As a passionate dental hygiene student at Central State University, I am eager to apply my knowledge and skills in a practical, professional setting, and I believe that Acme Corporation's commitment to patient care aligns perfectly with my career aspirations.

During my studies, I have excelled in both academic and practical components of dental hygiene. One of my proudest achievements was participating in a community outreach program where I provided oral health education and free screenings for underprivileged families. This experience not only honed my clinical skills but also reinforced my commitment to promoting oral health awareness in the community. Additionally, I completed a comprehensive project on periodontal disease management, which was recognized as one of the top presentations in my class. This project allowed me to deepen my understanding of preventative care and develop effective communication strategies for educating patients about their oral health.

I am particularly drawn to the collaborative environment at Acme Corporation, where I hope to learn from experienced professionals and contribute to exceptional patient outcomes. I am eager to bring my strong work ethic, attention to detail, and passion for dental hygiene to your esteemed team. I would appreciate the opportunity to discuss how my background, skills, and enthusiasms align with the goals of Acme Corporation. Thank you for considering my application; I look forward to the possibility of contributing to your team.

Sincerely,

Emily Johnson
