Acme Corporation

RE: Internship Dietitian

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Dietitian position at Acme Corporation, which I discovered on your careers page. As a passionate nutrition student currently completing my Bachelor's degree in Dietetics at State University, I am excited about the opportunity to apply my knowledge and skills in a practical setting and contribute to your team's mission of promoting health and wellness through nutrition.

During my academic career, I completed a project where I developed a nutrition education program for a local community center. This initiative not only provided valuable resources for attendees but also resulted in a 30% increase in participant engagement over three months. Additionally, I interned at Healthy Horizons Clinic, where I assisted registered dietitians in creating personalized meal plans for clients with varying dietary needs, including those with diabetes and food allergies. This hands-on experience enhanced my ability to assess individual nutrition requirements and tailor recommendations accordingly.

I am particularly drawn to Acme Corporation's commitment to innovative dietary solutions and community outreach. I am eager to bring my background in nutrition and my proactive approach to learning into your dynamic environment. I would welcome the opportunity to discuss how my education and experience align with your goals and how I can contribute to your programs. Thank you for considering my application. I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Jessica Taylor
