Acme Corporation

RE: Internship Hedge Fund Analyst

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Hedge Fund Analyst position at Acme Corporation, which I discovered on your careers page. As a finance major at XYZ University with a strong academic background and relevant internship experience, I am eager to contribute my skills and insights to your esteemed firm while gaining invaluable exposure to the hedge fund industry.

During my time as a summer intern at ABC Financial Services, I assisted in conducting in-depth market research and financial analysis, focusing on emerging technologies. I successfully identified a promising fintech startup, which resulted in a report that influenced the investment strategy of our portfolio managers. Additionally, I served as a member of the university's investment club, where I collaborated with fellow students to manage a simulated investment portfolio that outperformed the S&P 500 by 15% over the semester. This experience equipped me with a solid understanding of risk assessment and portfolio optimization, essential skills for the Hedge Fund Analyst role.

I am particularly drawn to Acme Corporation because of your commitment to innovation and strategic investment. I am excited about the opportunity to work alongside seasoned professionals and contribute to your analytical efforts. I am eager to bring my analytical abilities and passion for finance to your team, and I am confident that my proactive approach would make a meaningful impact.

Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and enthusiasms align with the goals of Acme Corporation. I am excited about the opportunity to contribute to your team and learn from your esteemed professionals.

Sincerely,

Jordan A. Thompson
