Acme Corporation

RE: Internship Immigration Lawyer

Dear Hiring Manager,

I am excited to apply for the Internship Immigration Lawyer position at Acme Corporation, which I discovered on your careers page. With a strong commitment to advocating for the rights of immigrants and a passion for navigating complex legal systems, I am eager to contribute to your team while gaining invaluable experience in the field of immigration law.

During my time as a volunteer at the Local Immigrant Support Center, I successfully assisted over 50 clients in preparing applications for various immigration benefits, including green cards and work permits. This experience not only honed my legal research and writing skills but also deepened my understanding of the challenges that immigrants face. Additionally, I played an instrumental role in organizing community workshops that educated attendees about their rights and the application process, which were attended by over 100 participants. This initiative significantly improved community engagement and trust in legal resources.

Furthermore, as a research assistant at my university's law clinic, I collaborated with a team on a project that analyzed recent policy changes affecting asylum seekers. My contributions included drafting a comprehensive report that outlined the implications of these changes, which was later presented to a panel of faculty and community leaders. This project sharpened my analytical skills and provided me with a practical understanding of how policy shifts can impact vulnerable populations.

I am very interested in the opportunity to further discuss how my background and skills align with the mission of Acme Corporation. Thank you for considering my application. I look forward to the possibility of contributing to your team and advocating for the rights of immigrants.

Sincerely,

Sophia Martinez
