Acme Corporation

RE: Internship Landscaper

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Landscaper position at Acme Corporation, which I discovered through my university's career services portal. With a strong passion for sustainable landscaping practices and hands-on experience in garden design and maintenance, I am eager to contribute my skills to your innovative team.

During my time volunteering at GreenSpaces Community Garden, I successfully collaborated with a team of volunteers to design and implement a native plant garden that not only beautified the area but also supported local wildlife. My role involved researching native plant species, preparing the soil, and overseeing the planting process. This project not only enhanced my landscaping skills but also deepened my understanding of ecological principles and their application in urban landscapes. Additionally, I worked part-time at a local landscaping company where I assisted in maintaining residential gardens. I developed my ability to operate landscaping equipment safely and efficiently while learning best practices for plant care and soil management, leading to a 20% increase in customer satisfaction ratings during my tenure.

I am particularly drawn to Acme Corporation's commitment to sustainable landscaping solutions and innovative design practices. I believe my background aligns well with your values and goals. I am excited about the possibility of bringing my skills in project collaboration and ecological awareness to your team. I would welcome the opportunity to discuss how my experiences and enthusiasm for landscaping can contribute to the ongoing success of Acme Corporation. Thank you for considering my application.

Sincerely,

Jordan Lee Thompson
