RE: Internship Motion Graphics Designer

Dear Hiring Manager,

I am thrilled to apply for the Internship Motion Graphics Designer position at Acme Corporation, as advertised on your careers page. With a strong passion for visual storytelling and a solid foundation in graphic design, I am eager to contribute my creative skills to your innovative team.

During my recent internship at Creative Studios, I successfully collaborated with a team of designers to create an award-winning promotional video for a leading tech startup. My responsibilities included developing dynamic motion graphics that effectively conveyed complex concepts in an engaging manner. This project not only enhanced my technical skills in Adobe After Effects and Cinema 4D but also taught me the importance of aligning visuals with client objectives. Additionally, I have completed multiple freelance projects, including a series of animated social media ads for a local nonprofit, which increased their engagement rates by over 40% within just a few weeks.

I am particularly impressed by Acme Corporation's commitment to pushing the boundaries of motion design and its emphasis on creative collaboration. I am excited about the opportunity to learn from seasoned professionals and further develop my skills while contributing to projects that make a difference. I am keen to bring my fresh perspective and enthusiasm for motion graphics to your team.

I look forward to the possibility of discussing this exciting opportunity with you. Thank you for considering my application; I hope to hear from you soon.

Sincerely,

Jordan McAllister
