Acme Corporation

RE: Internship Multimedia Designer

Dear Hiring Manager,

I am excited to apply for the Internship Multimedia Designer position at Acme Corporation, which I discovered on your careers page. With a strong passion for visual storytelling and a keen eye for design, I believe that my skills and experiences align well with the innovative work your team is known for.

During my recent project at university, I led a team to create a multimedia campaign for a local nonprofit organization aimed at increasing community awareness about health services. My role involved designing engaging graphics and editing promotional videos, which contributed to a 30% increase in event attendance compared to previous years. Additionally, I interned at a digital agency where I collaborated on various projects, including social media content and website redesigns. My contribution to revamping the agency's portfolio site resulted in a 40% rise in client inquiries shortly after launch.

I am particularly drawn to Acme Corporation's commitment to pushing creative boundaries and producing impactful content. I am eager to bring my background in design and multimedia production to your team and contribute to exciting new projects. I would love the opportunity to discuss in more detail how my experiences and ideas could align with Acme's vision. Thank you for considering my application; I look forward to the possibility of contributing to your team.

Sincerely,

Jordan Taylor
