Acme Corporation

RE: Internship Occupational Therapist

Dear Hiring Manager,

I am writing to express my strong interest in the Internship Occupational Therapist position at Acme Corporation, as advertised on your careers page. With a passion for enhancing the quality of life for patients through tailored therapeutic interventions, I am excited about the prospect of contributing to your esteemed organization while furthering my professional development in a dynamic environment.

During my academic journey at the University of Health Sciences, I had the opportunity to intern at a local rehabilitation center where I collaborated with experienced occupational therapists to develop individualized therapy plans. One of my key achievements was assisting in a program that improved the hand coordination of stroke patients, leading to a 30% increase in their ability to perform daily activities independently. Additionally, I conducted workshops aimed at educating patients and families about adaptive equipment, which received positive feedback for its impact on enhancing understanding and self-management.

I am particularly impressed by Acme Corporation's commitment to innovative therapeutic practices and community involvement. I believe my proactive approach and ability to connect empathetically with clients aligns well with your mission. I am eager to bring my skills in patient assessment and my enthusiasm for evidence-based therapy techniques to your team.

I would love the opportunity to discuss how my background and passion for occupational therapy can contribute to the outstanding work being done at Acme Corporation. Thank you for considering my application. I look forward to the possibility of discussing my candidacy further.

Sincerely,

Samantha Johnson
