Acme Corporation

RE: Internship Optometrist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Optometrist position at Acme Corporation, which I discovered through my university's career services portal. As a final-year student at the University of Arizona College of Optometry, I am eager to apply my academic knowledge and practical skills in a dynamic and reputable environment such as yours.

During my academic journey, I had the opportunity to intern at Vision Plus Clinic, where I assisted in conducting comprehensive eye examinations, including visual acuity tests and refractive assessments. I successfully contributed to a project that improved patient follow-up rates by 30%, enhancing our workflow efficiency and patient satisfaction. Additionally, I organized a vision health workshop in collaboration with local schools, which educated over 100 children about the importance of eye care and proper vision habits. This experience not only honed my clinical skills but also deepened my commitment to promoting ocular health in the community.

I am particularly drawn to Acme Corporation's dedication to patient-centered care and innovative approaches in optometry. I am excited about the prospect of working alongside experienced professionals and contributing to your team. I am confident that my strong academic background, coupled with my hands-on experience, makes me a suitable candidate for this internship.

I would welcome the opportunity to further discuss how my background, skills, and enthusiasm align with the goals of Acme Corporation. Thank you for considering my application; I look forward to the possibility of contributing to your esteemed practice.

Sincerely,

Jessica Marie Thompson
