Acme Corporation

RE: Internship Orthodontist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Orthodontist position at Acme Corporation, as advertised on your careers page. With a strong foundation in dental sciences and hands-on experience in patient care, I am eager to contribute my skills to your esteemed practice and learn from your team of experienced orthodontists.

During my studies at the University of Southern California, I excelled in my coursework and participated in several clinical rotations. One of my proudest achievements was collaborating with a team to develop a patient education program aimed at improving compliance with orthodontic treatment plans. This initiative resulted in a 20% increase in patient adherence to follow-up appointments over a six-month period. Additionally, I volunteered at the campus dental clinic, where I assisted in the application of braces and retainers, gaining valuable experience in practical orthodontic procedures under the supervision of licensed professionals.

I am particularly drawn to Acme Corporation's commitment to innovative orthodontic solutions and patient-centered care. I am eager to bring my dedication and passion for orthodontics to your team, learning from the best while contributing positively to the patient experience. I would love the opportunity to discuss how my background, skills, and enthusiasm for orthodontics align with the goals of Acme Corporation. Thank you for considering my application; I look forward to the possibility of contributing to your esteemed team.

Sincerely,

Jordan Lee Thompson
