Acme Corporation

RE: Internship Photographer

Dear Hiring Manager,

I am excited to apply for the Internship Photographer position at Acme Corporation, as advertised on your careers page. With a passion for visual storytelling and a strong foundation in photography, I am eager to contribute my skills and creativity to your talented team. I have long admired Acme Corporation's innovative approach to branding and marketing, and I am thrilled at the opportunity to be part of such a dynamic environment.

During my studies in Visual Arts at the University of Southern California, I successfully completed a project that involved capturing and editing a series of portraits for a local nonprofit organization. This experience not only honed my technical skills in Adobe Photoshop and Lightroom but also taught me the importance of understanding the subject's narrative. The final exhibit raised awareness and funds for the organization, and my work received positive feedback from both the clients and the community. Furthermore, I interned with XYZ Studio, where I assisted in producing promotional content for various clients. My role included setting up lighting, composing shots, and editing images for social media campaigns, which ultimately increased engagement by 30% for one of our major clients.

I am particularly drawn to this internship at Acme Corporation because of your commitment to pushing creative boundaries. I am excited about the prospect of collaborating with your team to produce impactful imagery that resonates with your audience. I believe that my background in both commercial and artistic photography would allow me to contribute effectively to your projects.

I would love the opportunity to discuss how my skills and experiences align with the goals of Acme Corporation. Thank you for considering my application. I look forward to the possibility of contributing to your team and sharing my passion for photography.

Sincerely,

Jordan Lee Kim
