Acme Corporation

RE: Internship Physical Therapist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Physical Therapist position at Acme Corporation, as advertised on your careers page. With a strong academic background in physical therapy and hands-on experience through volunteer work, I am eager to contribute to your team and further my skills in a dynamic environment.

During my time at University of Health Sciences, I excelled in my coursework, maintaining a GPA of 3.8 while participating in a range of physical therapy clinics. Specifically, I had the opportunity to work alongside licensed therapists in a rehabilitation center where I assisted in developing individualized treatment plans for patients recovering from sports injuries. One case that stands out involved a young athlete with a torn ACL, where I helped implement a tailored exercise regimen that not only expedited recovery but also significantly improved their strength and mobility, ultimately enabling them to return to competitive play ahead of schedule.

Additionally, I volunteered at a local community health fair, where I provided free physical assessments and educated attendees on injury prevention and wellness strategies. This experience honed my communication skills and allowed me to interact with diverse populations, reinforcing my commitment to promoting health and rehabilitation in the community. I am excited about the possibility of bringing my passion for physical therapy and my proactive approach to learning at Acme Corporation.

I would be thrilled to discuss how my background, skills, and eagerness to learn can align with the goals of your team. Thank you for considering my application. I look forward to the opportunity to speak with you further about contributing to the exceptional care at Acme Corporation.

Sincerely,

Jessica Taylor
