Acme Corporation

RE: Internship Print Designer

Dear Hiring Manager,

I am thrilled to apply for the Internship Print Designer position at Acme Corporation, as advertised on your careers page. With a passion for visual storytelling and a keen eye for detail, I am eager to contribute my skills to your dynamic team and learn from industry leaders in print design.

During my studies at the University of Arts, I successfully completed a project where I designed a promotional poster for a local nonprofit, which increased their event attendance by 40%. This experience not only honed my design skills using Adobe Creative Suite but also taught me the importance of aligning visual elements with strategic goals. Additionally, I interned at a small graphic design firm, where I collaborated with senior designers on a series of print materials for a product launch. My contributions included developing layouts and selecting typography that enhanced brand messaging, which received positive feedback from both the client and our team.

I am particularly drawn to Acme Corporation's commitment to innovative design and sustainability in print media. I admire your recent campaign that effectively merged creativity with environmental consciousness, and I believe my background in eco-friendly design principles aligns with your values. I am eager to bring my creativity and fresh perspective to your projects, while further developing my skills in a professional environment.

I would love the opportunity to discuss how my background, skills, and passions align with the goals of Acme Corporation. Thank you for considering my application for the Internship Print Designer position. I look forward to the possibility of contributing to your team and learning from your esteemed designers.

Sincerely,

Sophia Martinez
