Acme Corporation

RE: Internship Private Equity Associate

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Private Equity Associate position at Acme Corporation, as advertised on your careers page. I have a strong passion for private equity and believe my academic background and relevant experience make me a strong candidate for this role.

During my time at XYZ University, I successfully led a team project in which we analyzed the financial health of a mid-sized technology firm seeking investment. We conducted extensive market research and financial modeling, which resulted in a comprehensive investment thesis that was presented to a panel of industry professionals. Our project not only received high praise but also reinforced my understanding of key performance indicators and valuation methodologies essential for private equity analysis. Additionally, I interned at ABC Capital, where I assisted in the due diligence process for a \$10 million acquisition. My responsibilities included data collection, financial forecasting, and preparing detailed reports that contributed to strategic decision-making. This hands-on experience has equipped me with a solid foundation in financial analysis and asset valuation.

I am particularly drawn to Acme Corporation's commitment to supporting innovative businesses and its strategic approach to investment. I am eager to bring my analytical skills and proactive mindset to your team while contributing to impactful investment decisions. I would welcome the opportunity to discuss how my background, skills, and enthusiasm align with the goals of Acme Corporation.

Thank you for considering my application. I look forward to the possibility of discussing my fit for the Internship Private Equity Associate position in more detail.

Sincerely,

Jordan Alex Thompson
