Acme Corporation

RE: Internship Psychologist

Dear Hiring Manager,

I am writing to express my enthusiastic interest in the Internship Psychologist position at Acme Corporation, as advertised on your careers page. With a strong academic background in psychology and hands-on experience in clinical settings, I am eager to contribute to your team while further developing my skills in a dynamic environment.

During my recent internship at the Community Mental Health Center, I successfully assisted in conducting intake assessments and developing treatment plans for diverse clients. This experience sharpened my ability to analyze behavior and understand complex psychological issues. Additionally, I coordinated a peer support group that focused on stress management techniques, leading to a 30% improvement in participants' reported well-being according to pre- and post-group surveys. These accomplishments have equipped me with the practical skills necessary for the Internship Psychologist role, especially in understanding and applying therapeutic techniques tailored to varied populations.

I am particularly drawn to Acme Corporation due to its commitment to innovative mental health solutions and community outreach. I am excited about the opportunity to work alongside experienced professionals and contribute to ongoing research projects that aim to improve mental health services. I would appreciate the opportunity to discuss how my background, skills, and enthusiasms align with the goals of your organization.

Thank you for considering my application. I look forward to the possibility of discussing this exciting opportunity with you further.

Sincerely,

Jordan Thompson
