Acme Corporation

RE: Internship Registered Nurse

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Registered Nurse position at Acme Corporation, as advertised on your careers page. With a strong foundation in nursing education and hands-on experience during my clinical rotations, I am eager to contribute to your team and support patient care at your esteemed organization.

During my nursing training at City University, I completed a clinical rotation in the pediatric unit, where I had the opportunity to assist in caring for children with various medical conditions. I collaborated with healthcare professionals to develop and implement individualized care plans, which improved patient satisfaction scores by 15% during my rotation. Additionally, I volunteered at a local community health clinic, where I helped organize wellness fairs that provided free health screenings and education to underserved populations. This experience honed my skills in patient communication and advocacy, reinforcing my commitment to holistic patient care.

I am particularly impressed by Acme Corporation's dedication to innovative patient-centered care and its commitment to employee development. I am enthusiastic about the opportunity to learn from experienced nurses and contribute to a collaborative healthcare environment. I believe my proactive approach and passion for nursing make me a great fit for your team. I would love to discuss further how my background, skills, and enthusiasm can contribute to the exceptional care provided at Acme Corporation.

Thank you for considering my application. I look forward to the possibility of discussing this exciting opportunity with you.

Sincerely,

Sophia Parker
