Acme Corporation

RE: Internship Respiratory Therapist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship Respiratory Therapist position at Acme Corporation, which I discovered on your careers page. As a dedicated student in the Respiratory Therapy program at State University, I am eager to apply my knowledge and skills in a professional setting that values innovation and patient care. I believe that my background in respiratory therapy, combined with my commitment to learning and growth, aligns perfectly with the goals of your team.

During my time at State University, I completed a clinical rotation at a local hospital where I assisted in a variety of respiratory therapy procedures. One of my key achievements was collaborating with a team to develop a patient education program focused on asthma management. This initiative not only improved patient understanding of their condition but also enhanced compliance rates by 20%, resulting in better health outcomes. Additionally, I was recognized for my ability to perform comprehensive assessments and develop personalized care plans under the supervision of licensed professionals, ensuring that each patient received tailored treatment based on their specific needs.

I am particularly drawn to Acme Corporation because of your commitment to advancing respiratory care through innovative practices and community outreach. I am eager to contribute my skills and enthusiasm to your team while continuing to learn from experienced professionals in the field. I would welcome the opportunity to discuss how my background, skills, and aspirations align with the goals of Acme Corporation in more detail. Thank you for considering my application for this exciting internship opportunity.

Sincerely,

Emily Johnson
