Acme Corporation

RE: Internship School Psychologist

Dear Hiring Manager,

I am writing to express my enthusiasm for the Internship School Psychologist position at Acme Corporation, which I discovered on your careers page. As a graduate student in School Psychology at the University of Texas, I am eager to apply my knowledge and skills in a practical setting, and I believe that Acme Corporation's commitment to nurturing student well-being aligns perfectly with my professional goals.

During my studies, I have had the opportunity to conduct assessments and interventions that have positively impacted students' academic and social-emotional development. For example, I developed a targeted intervention plan for a group of middle school students facing behavioral challenges, which resulted in a 30% decrease in disciplinary referrals over a semester. Additionally, I collaborated with a team of educators to implement a school-wide mental health awareness program, leading to increased student engagement and a more supportive school environment.

I am particularly drawn to Acme Corporation's focus on evidence-based practices and your innovative approach to student mental health. I am excited about the possibility of contributing to your team and further developing my skills in assessment, counseling, and collaboration with educators and parents. I am looking forward to the opportunity to discuss how my background, skills, and enthusiasm can contribute to the vital work being done at Acme Corporation.

Thank you for considering my application. I hope to discuss this exciting opportunity with you soon.

Sincerely,

Jordan L. Thompson
