Acme Corporation

RE: Internship Videographer

Dear Hiring Manager,

I am excited to apply for the Internship Videographer position at Acme Corporation, as advertised on your careers page. As a passionate videographer currently pursuing a degree in Film and Media Studies, I am eager to bring my skills and creative vision to a dynamic organization like yours, which is renowned for its innovative approach to storytelling through visual media.

During my time at university, I had the opportunity to work on several key projects that honed my videography skills. One notable project was a documentary I directed and produced about local environmental issues, which was awarded 'Best Student Film' at the campus film festival. This experience allowed me to not only enhance my technical skills in filming and editing but also to effectively collaborate with diverse teams to realize a shared vision. Additionally, I served as the lead videographer for a promotional campaign for a local startup, where I created engaging video content that increased their social media engagement by 40%. These experiences have equipped me with a strong foundation in both the creative and technical aspects of videography.

I am particularly drawn to Acme Corporation's commitment to producing high-quality visual content that resonates with audiences. I am excited about the possibility of contributing to your team and further developing my skills in a professional environment. I would love the opportunity to discuss how my background and passion for videography align with the goals of your organization. Thank you for considering my application; I look forward to the possibility of contributing to your creative projects.

Sincerely,

Jordan Taylor
