Acme Corporation

RE: Internship Wordpress Developer

Dear Hiring Manager,

I am excited to apply for the Internship Wordpress Developer position at Acme Corporation, which I discovered on your careers page. With a strong passion for web development and a specific interest in WordPress, I am eager to contribute to your team's innovative projects and learn from your experienced developers.

During my recent coursework in web development, I successfully designed and developed a responsive WordPress website for a local non-profit organization. This project not only honed my technical skills in PHP and JavaScript but also allowed me to implement SEO best practices, which increased the site's traffic by 40% over three months. Additionally, I completed an internship at XYZ Tech, where I collaborated with a team to enhance user experience on existing WordPress sites. I played a pivotal role in troubleshooting issues and optimizing page load speeds, leading to a 30% reduction in bounce rates.

I am particularly drawn to Acme Corporation because of your commitment to harnessing technology for creative solutions. I am eager to bring my skills in WordPress development and my collaborative spirit to your team. I look forward to the opportunity to discuss how I can contribute to your projects and grow as a developer within your esteemed company. Thank you for considering my application.

Sincerely,

Jordan Smith
