Acme Corporation

RE: No Experience Animator

Dear Hiring Manager,

Dear Hiring Manager,

I am writing to express my enthusiasm for the No Experience Animator position at Acme Corporation, as advertised on your careers page. As a passionate individual with a strong desire to contribute to the world of animation, I am excited about the opportunity to bring my creativity and dedication to your talented team.

During my time at university, I completed a series of animation projects that honed my skills in various animation software including Adobe After Effects and Blender. One of my most notable projects was a short animated film for a class competition, which won first place. This experience taught me the importance of storytelling through animation and allowed me to develop my technical skills while working under tight deadlines. Additionally, I collaborated with fellow students to create a promotional animation for a local nonprofit organization, where my role involved conceptualizing and animating characters that effectively conveyed the organization's mission. This project not only deepened my understanding of animation principles but also strengthened my teamwork and communication abilities.

I am eager to bring my unique perspective and enthusiasm for animation to Acme Corporation. I am particularly drawn to your commitment to innovative storytelling and high-quality animation, which I believe aligns perfectly with my aspirations. I would love the opportunity to discuss how my background and skills can contribute to your team's success. Thank you for considering my application, and I look forward to the possibility of discussing this exciting role further.

Sincerely,

Jordan Taylor
