SUMMARY

Dedicated Azure Architect with over 6 years of experience in designing and implementing cloud solutions. Proven track record of optimizing cloud infrastructures and enhancing system performance, with a focus on delivering results that drive business success.

EXPERIENCE

Senior Azure Architect   Jan 2022 - Present

Tech Innovations Inc., Seattle, WA

- Led the migration of over 500 on-premises applications to Azure, resulting in a 30% reduction in operational costs.
- Designed a multi-tier architecture utilizing Azure Kubernetes Service (AKS), improving application scaling by 40%.
- Implemented Azure DevOps, which reduced deployment times by 50% and increased release frequency to bi-weekly.

Cloud Solutions Architect   Jun 2018 - Dec 2021

Digital Cloud Solutions, San Francisco, CA

- Developed cloud strategies for clients, achieving a 25% increase in system efficiency through automation and optimization.
- Managed Azure resources for over 100 clients, ensuring compliance with security best practices and reducing vulnerabilities by 60%.
- Created a cost management framework that saved clients an average of $200,000 annually on cloud expenses.

Azure Developer   Jul 2016 - May 2018

CloudTech Dynamics, Austin, TX

- Developed and deployed Azure Functions that processed data 70% faster than previous methods.
- Collaborated on a team that achieved 99.99% uptime for critical applications hosted in Azure.
- Provided training and mentorship to junior developers on Azure best practices and cloud architecture.

EDUCATION

Bachelor of Science in Computer Science   May 2018

University of Washington, Seattle, WA • GPA: 3.7

SKILLS

Technical Skills: Azure Architecture, Cloud Security, Microservices, DevOps Practices

Tools & Frameworks: Azure DevOps, Docker, Kubernetes, Terraform
