SUMMARY

Dedicated Boilermaker with over 5 years of experience in fabricating, assembling, and repairing boilers and pressure vessels. Proven track record in enhancing production efficiency and ensuring high safety standards in heavy industrial settings.

EXPERIENCE

Boilermaker

Jan 2022 - Present

Industrial Solutions Group, Houston, TX

- Increased boiler production efficiency by 25% through the implementation of lean manufacturing principles.
- Successfully completed over 50 high-pressure vessel repairs with a 0% failure rate during subsequent inspections.
- Utilized advanced welding techniques including TIG and MIG welding to fabricate and assemble boiler components.

Apprentice Boilermaker

Jun 2018 - Dec 2021

Texas Boiler Works, Dallas, TX

- Assisted in the fabrication of over 30 boiler systems, contributing to a project cost savings of \$150,000.
- Trained in the use of precision measuring tools, resulting in a 20% reduction in material waste.
- Participated in safety audits that upheld compliance with OSHA regulations, enhancing workplace safety.

Metal Fabricator

May 2016 - May 2018

Metro Metalworks, Austin, TX

- Fabricated metal structures for various applications, leading to a 15% increase in production turnaround time.
- Implemented quality control measures that reduced defects by 30%.
- Collaborated with cross-functional teams to improve workflow efficiency.

EDUCATION

Associate of Applied Science in Welding Technology

May 2016

Lone Star College, Houston, TX • GPA: 3.5

SKILLS

Technical Skills: Welding (TIG, MIG, Stick), Blueprint Reading, Metal Fabrication, Boiler Repair

Tools & Frameworks: Oxy-Acetylene Torch, Plasma Cutter, Bending Machines
