SUMMARY

Detail-oriented Civil Engineer with over 5 years of experience in designing and executing infrastructure projects. Proven track record of managing projects within budget and timeline, while enhancing sustainability and safety standards.

EXPERIENCE

Civil Engineer

Jan 2022 - Present

Greenway Engineering Solutions, Atlanta, GA

- Led a team in the design and construction of a \$2 million transportation project, completing it 15% under budget and 2 months ahead of schedule.
- Implemented innovative design modifications that improved project sustainability by reducing environmental impact by 25%.
- Utilized AutoCAD and Civil 3D for drafting and modeling, ensuring compliance with federal and state regulations.

Junior Civil Engineer

May 2018 - Dec 2021

City Infrastructure Corp, Atlanta, GA

- Assisted in the planning and execution of over 10 civil projects valued at \$5 million collectively, contributing to a 30% increase in project efficiency.
- Conducted site inspections and assessments to ensure quality control and adherence to safety regulations.
- Collaborated with architects and urban planners using BIM technologies for improved project visualization.

Intern Civil Engineer

Jan 2017 - May 2018

Urban Development Group, Atlanta, GA

- Supported senior engineers in the development of public works projects, gaining hands-on experience in site analysis and material testing.
- Assisted in drafting project reports and presentations for stakeholders, enhancing communication of project objectives.
